

# INSPIRING MATHEMATICS FOR ALL!

MCATA 2018 SYMPOSIUM

**MAY 4,  
2018**

**Crossroads Church,  
38105 Range Road 275, Red Deer, AB**

What does an inspiring mathematical experience feel like?

How do we use openers and games in math class?

How do we leverage questions to make mathematical experiences richer?

**FEATURING GUEST SPEAKER: DAN FINKEL**

Dan is one of the creators of Prime Climb, the beautiful, colorful, mathematical board game, and of Tiny Polka Dot, the number-loving learning game for young children. He is also co-architect of the Math for Love curriculum, which has been used by thousands of students as a summer intervention curriculum.
