Volume XV, Number 2, December 1975

## Dear Math Teacher:

As a Director of MCATA, I have been asked to find out what MCATA can do to help teachers of Mathematics to 1) set up Math Clubs in their schools, and 2) assist teachers in keeping these clubs in operation.

I would appreciate it if you would reply in writing and answer these questions:

- 1) Does your school presently have a Math Club?
- 2) Would you be interested in forming a Math Club if above answer is no?
- 3) What sorts of information or assistance would you require and make use of from MCATA?

Your co-operation in this matter will be very much appreciated.

Yours truly,

R.D. McIntyre  
Dr. E.P. Scarlett High School  
220 Canterbury Drive SW  
Calgary T2W 1H4

### METRIC BUMPER STICKERS

"THINK METRIC" - the new 72 by 277mm blue-on-white bumper sticker that will adhere to almost any surface. They are available from NCTM headquarters office in packages of 100 for \$9. Suitable for use in publicizing the "Think Metric" position, they can be used as inserts in workshop and orientation packets, as table favors and as handouts in conjunction with various metrication activities.
