Mathematics Council NEWSLETTER

The Alberta Teachers' Association

Volume 1

Number 1

January 1983

This issue lists the members of mathematics organizations in Alberta.

Mathematics Council, ATA

President

Gary R. Hill
310 Laval Blvd.
Lethbridge, Alta. T1K 3W5
Res. 327-5601
Bus. 328-9965

Past President

Dick Kopan
23 Lake Crimson Close S.E.
Calgary, Alta. T2J 3K8
Res. 271-5240
Bus. 271-8882

Vice President

Ron Cammaert
Box 1771
Taber, Alta. TOK 2G0
Res. 223-4948
Bus. 223-2902

Secretary

Arthur Jorgensen
Box 2069
Edson, Alta. TOE 0P0
Res. 723-5370
Bus. 723-5515

Treasurer

Brian Chapman
Box 1525
Lacombe, Alta. TOC 1S0
Res. 782-3551
Bus. 782-3812

delta-K Editor

To be appointed

Newsletter Editor

MCATA Newsletter is published several times yearly by The Alberta Teachers' Association for the Mathematics Council. Editor: John Percevault, 2510 - 22 Avenue South, Lethbridge, Alberta T1K 1J5. EDITORIAL AND PRODUCTION SERVICES: Central Word Services staff, ATA. Address all correspondence to the editor. Views expressed herein are not necessarily those of either the council or of the Association.

What's New?

Alberta Education

Mr. Lencucha reports that the Elementary and Junior High School Mathematics Committees are basically inactive at the present time. The Senior High School Committee is considering the consolidation of curriculum guides into one edition.

A problem-solving handbook is being prepared for use in the elementary schools. The Mathematics 31 curriculum is being reviewed.

A review of materials and a pilot project are planned.

MCATA

An editor for *Delta-k* is still required. If you are interested, contact G. Hill.

Your association will continue its support of the Canadian Mathematics Journal.

Regionals

The Southwest Regional is planning for workshop meetings. Teachers are encouraged to contact Joe Krywolt to become a member.

Publication Schedule of *MCATA Newsletter*

Hopefully, the MCATA Newsletter will be published monthly. The May 1983 issue will be the final issue for the 1982-83 school year.

The success of the newsletter will be dependent on members' interest and contributions. Please forward articles on mathematics meetings, curriculum projects and personal reactions to curriculum and materials.

What is happening in the use of microcomputers in teaching mathematics? Short articles would be appreciated.
